

TESTIMONIALS ON THE POWER-SAVE UNIT (3200)

PARADISE PARK NOVI
Date: October 24, 2010

Owner & GM: Jeffrey Wainwright
Phone: (248) 735-1050

"...the total power savings for the entire 10 acre operation is 18% per month during the first three months after installation. The large induction motors used on the Golf Course water pumps represent a large portion of our total power consumption and as such offer a huge savings for the whole operation."

ANN ARBOR SHIRT COMPANY
Date: November 17, 2010

Co-Owner: Jerry
Phone: (734) 274-2659

"We just got our first electrical bill: \$358.75, down from \$414.95 last month (-13.4%). Our production schedule was nearly identical with no real outliers, and we can comfortably say that this savings was almost entirely from the unit."

BP SERVICE STATION – ANN ARBOR
Date: October, 2010
